

MOHAMMED AMAAN ANSARI

Hyderabad | md.amaan.ansari111@gmail.com | +91 799 370 2780 | [Linked Profile](#)

SUMMARY

Motivated and detail-oriented aspiring Software Engineer with hands-on experience through internships in Machine Learning, Python, Web Development, and Artificial Intelligence. Strong foundation in Python and Data Structures & Algorithms. Passionate about building scalable applications, solving problems, and continuously learning modern software technologies.

INTERNSHIPS & TRAINING

Python Intern | [LINK](#)

Vaultofcodes.in

Dec 2024

- Developed problem-solving skills using Python.
- Implemented basic programs and logical solutions.

Machine Learning Intern | [LINK](#)

Datateach.ai

Nov 2024 - Dec 2024

- Gained practical exposure to ML concepts and Python-based implementations.
- Worked with datasets, basic preprocessing, and model understanding.

AI Intern | [LINK](#)

TechSaksham (Transformative Learning)

Feb 2025 - Mar 2025

- Learned fundamentals of Artificial Intelligence and its real-world applications.
- Explored AI tools and concepts through guided projects and tasks.

Web Development Intern | [LINK](#)

Vaultofcodes.in

Feb 2025 - Mar 2025

- Built responsive web pages using HTML, CSS, and JavaScript.
- Gained hands-on experience with frontend development and UI structuring.

Java Development Intern | [LINK](#)

Vaultofcodes.in

Oct 2025 - Nov 2025

- Worked with Core Java and OOP concepts.
- Practiced DSA using Java for problem-solving.
- Built small Java programs and console-based applications.

EDUCATION

Graduation : B.E (Cse)

Deccan College of Engineering and Technology
SGPA 9.5 | CGPA 8.9

Intermediate : MPC

Noesis Junior College
Percentage : 97%

Schooling : SSC

National High School
GPA : 10

SKILLS

Languages : Java, JavaScript, Python

Tools/Frameworks : Fast Api, Git & GitHub, VS Code

Databases : MongoDB, MySQL, Postgresql

Other Skills : DSA, OOPs, APIs, Responsive Web Design ,Problem Solving, Debugging & Code Optimization

PROJECTS

Simple Portfolio to QR Code Generator

A simple web-based portfolio that showcases personal details and projects, with a built-in QR code generator for quick and easy sharing of the portfolio link.

AI - Resume Ranker

An AI-powered tool that analyzes and ranks resumes based on job requirements to help identify the best-matched candidates efficiently.
